

## National Showcase General Information

Showcase fuses artistic creativity with figure skating for single skaters, duets, mini ensembles of four to eight and production numbers of nine or more skaters.

Skaters participating in showcase events and competitions display their creative skills in the depiction of a character or musical theme exhibited through their routine. Technical skating skill and difficulty will not be rewarded as such; however, skating must be the major element of the performance and be of sufficient quality to support the character or theme chosen.

National Showcase offers the categories of emotional performance, choreographic artistry, lyrical pop, character performance, comedic impressions, open inflatable and our newest theme event to skaters. Many who have observed National Showcase have remarked on the uniqueness and variety of the programs.

Showcase events may be offered at any U.S. Figure Skating sanctioned nonqualifying competition. Skaters who place at a nonqualifying competition in a showcase event or at an all-showcase competition qualify to register and compete at the National Showcase Competition. National Showcase is truly a festival of inspiration and skaters who qualify are strongly encouraged to participate.
