II. ELIGIBILITY

Singles: Excel and Well-Balanced Events:

- Skaters must meet at least the minimum singles test requirements for the event's level. A skater's singles test level may be higher than the minimum requirement.
 - o Skate Up: skaters may skate up one level higher than their minimum test requirement allows.
- Skaters may not register for an event level lower than allowed by their competitive floor. An athlete's competitive floor is set by one of the following scenarios:
 - o If an athlete has a paid EMS series application for the NQS series, the event level registered for in the most recent NQS will become the lowest level they may compete at in any U.S. Figure Skating sanctioned event.
 - o If an athlete has a paid EMS series application for the Excel Series, the event level registered for in the most recent Excel series will become the lowest level they may compete in any Excel event. For Well-Balanced and Specialty events the skater will be permitted to register at one level lower than the "floor" set by their excel series entry.
 - o If an athlete has never had a paid EMS series application in the NQS or Excel series, the athlete may select their level based on their goals and technical skills as long as the minimum test requirements are met.
- Skaters are not permitted to enter an Excel free skate and a Well-Balanced free skate event at the same competition (example: Juvenile Girls Free Skate and Juvenile Girls Excel Free Skate). However, they are permitted to enter an Excel and a Well-Balanced event of different types such as a short program (if stand-alone event option), specialty or showcase events (example: Intermediate Women Short Program and Intermediate Women Excel Free Skate).
- For more details about establishing event levels, refer to information sheet [HERE](#) or email events@usfigureskating.org.

All other singles and partner events (such as Adults, Pairs, Ice Dance):

- Skaters must meet the minimum test requirements for the events level, but not exceed the maximum permissible test requirement.

OUR COMMUNITY:

COACHES

Coach compliance falls into two categories, Coach Compliance (includes choreographers) and Learn to Skate USA® Instructor Compliance. Details regarding compliance requirements can be found [HERE](#). All compliance requirements must be met at the time of check-in to access the competition, no exceptions.

Coaches of foreign athletes: If you are a coach of a foreign athlete only, you are not subject to U.S. Figure Skating coach compliance and will only be asked to provide a letter of good standing for the federation your athlete represents.

With EMS, coaches must be included within a skater/team's registration or updated through their EMS Skater Portal via "[My Coaches](#)" or "Team Personnel." All coaches declared at the time of registration will be included on the registration confirmation email. Note: There is no registration approval process within EMS as the data (membership and test level) is tied to the U.S. Figure Skating database. Non-compliant coaches will receive automated email reminders through the start of the competition.
